#### Jolly Party Motors Out To Clint Lake For Swim & Picnic Supper

This newly discovered take not filler was were the destination for a consensal swimming parts and plant Thursday sight, enjoyed by Dr. and Mrs. B. F. Jenness, Dr. and arotra and Heavy, who motored on or a plunge before sunset, The Pears were cooked on the Sendy beach delightful at freeze affair. 2 = 8 With Mrs Einsence Cotter, T

Your last chance to buy Low Shoes at these greatly reduced prices. Our tremendous Fall Stock is daily arriving. We must make room and are forced to sacrifice still further our entire stock of Men's. Women's and Children's Low Shoes in order to do so. Our room is rapidly being filled to overflowing with new Fall Fourwear and in a few days we will be forced to store the larger part of our stock of Low Shoes in order to properly display the new Fall

### All the Profit and a Great Part of the Cost Sacrificed

Stock up now for next season as the doubt if ever again will you see such wanderful slipe bargains.

We haven't time to quote prices. Come and see for yourself. We promise you some sensational savines.

## Sanitation Quality

E please the most fastidious here. We handle the finest meats the market affords. We sell no inferior grades, You get quality every time you buy from us. THE City Board of Health and Inspection verifies the above. For they continue to place our market above all other El Paso markets for perfect sanitation and

We are justly prood of this fact and believe that El Paso's thinking housewires thoroughly appreciate a market like ours.

# Mr. Citizen:

DON'T YOU KNOW El Paso should not be saddled for years, perhaps forever, with an open railroad subway through the heart of the city-from which will issue continually, at the street surface, directly under your nose, a dense, black, soot-laden, grease-laden cloud of gas and smoke?

DON'T YOU KNOW property along such an open subway would not be habitable even for animals, bugs or reptiles---let alone human beings?

DON'T YOU KNOW that in pulling trains in and out of the proposed open subway, at a depth of 22 feet below the surface, would require more engines than are required now at the light surface grade?---And that when any one says there will be "less smoke" he is only trying to deceive the public?

DON'T YOU KNOW the destructive and ruinous vibration of heavy trains through the heart of the city will be greater in the open subway than at the surface as now? Don't you know it will be very much worse in an open subway?

DON'T YOU KNOW the noise from the open subway will be greater than at the surface? you know it will be accentuated and sharper and ten times worse from below the surface?

DON'T YOU KNOW the railroads involved should not be permitted to build the ruinous open subway and thus be allowed to continue for all time the great number of dangerous grade crossings and closed streets from Campbell street to Fort Bliss and from Campbell street to Washington Park?

DON'T YOU KNOW the railroads should not be allowed to close and appropriate to their own use three more streets on the west side of Santa Fe street and close up every passage west of that street to the river?

DON'T YOU KNOW El Paso can not progress as she should if she must carry the burden of more bond issues for the benefit of the railroad, continue with the great number of closed streets, dangerous grade crossings and be compelled to breathe a continuous cloud of smoke, gas and grease laden air?

You can prevent this catastrophe, Mr. Citizen, by voting "No" to every question on the ballot in your voting precinct at the Special Election next Tuesday! Be on hand and don't fail to do your duty toward yourself, your neighbor and your city.
